WORLD ROBOT GAMES
2022 PHILIPPINE QUALIFYING REGIONAL AND NATIONAL GAMES

The Philippine Robotics Teams for the World Robot Games is currently preparing delegates for the 2022 World Robot Games-International Championship which will be held in Taiwan on December 2022.

Relative to this, the World Robot Games National Committee, in collaboration with Data Science and Technology Corporation, De La Salle Santiago Zobel School, Regional Partners, and Inex Robots, is inviting students and teachers to participate in the upcoming World Robot Games Philippines-Regional and National Qualifying Games which will be held from July 23-August 30, 2022.

Series of free trainings will be conducted on April 16,23 and 30, 2022; May 21, 2022; and June 11, 2022.

Personnel and staff of the Department of Education from the regional and schools division offices, including public and private elementary and secondary schools are invited to participate in the activity on a voluntary basis.

Participation of public and private schools shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to Increase Engaged Time-On-Task and Ensuring Compliance Therewith.

WORLD ROBOT GAMES 2022 PHILIPPINE QUALIFYING Regional & National Games

THEME: "GREENER DIGITAL CITIES"

March 23, 2022

DR. TOLENTINO G. AQUINO, Regional Director
DepEd Region I
San Fernando City, La Union

Dear Dr. Tolentino:

The Philippine Robotics Team for the World Robot Games is currently preparing delegates for the 2022 World Robot Games - International Championship, which will be held in Taiwan in December 2022.

The World Robot Games National Committee, in collaboration with Data Science and Technology Corporation, De La Salle Santiago Zobel School, Regional Partners, and Inex Robots, is pleased to invite students and teachers to participate in the upcoming World Robot Games Philippines-Regional & National Qualifying Games, which will take place from July 23 to August 30, 2022.

Objectives:

- 1) To improve learners' ability to face and solve gamified challenges that simulate real-life unknown situations and difficulties.
- 2) To motivate students, parents, and teachers to work together to develop student talent for STEM college choices or careers.
- 3) To encourage students to take ownership of their own learning paths and achieve their own academic objectives.

There will be two levels prior to officially becoming part of the Philippine Robotics Team that will compete in the World Robot Games.

- 1) WRG Regional – players will compete online in the Line Tracing, Innovation, and One Minute Games categories. Players from the Regional level will advance to the National Level for ranking and determination of subsidy for the WRG International. Players can also choose to take part in the F2F Sumobot which will take place at a Regional WRG Games Hub. The registration fee is paid on a per team and game categories
- 2) WRG National – only the winners from the WRG Regional will be part of the National Level players ranking. **The WRG National is FREE**, players at this level do not need to pay registration fee.

PHILIPPINE ROBOTICS TEAM

WORLD ROBOT GAMES 2022 PHILIPPINE QUALIFYING Regional & National Games

THEME: 'GREENER DIGITAL CITIES'

Activities:

There will be a series of FREE trainings that will be conducted in the months of April, May and June 2022. Below is the initial list of online workshops, more will be added in the coming weeks.

April 16, 2022 Line Tracing Game Orientation – Free for everyone	April 23, 2022 Building a Sumobot – the hardware secrets – Free for everyone	April 30, 2022 Programming and Building Sumo Basic, based on Inex ATX2. – Free for everyone
May 7, 2022 Mastering Minute Games – only to WRG Philippines registrants	May 14, 2022 Robot Research – only to WRG Philippines registrants	May 21, 2022 Tips from WRG Innovation Winners – Free for everyone
June 4, 2022 Advanced LT Programming – only to WRG Philippines registrants	June 11, 2022 Sumo Basic Training – based on Inex ATX2 set-up – Free for everyone	

Institutions may also apply as Host for the Regional Game Hubs for F2F Sumobot. All winners from regional Game Hubs shall advance to the WRG International Championships. For more details on fees and other games information, interested participants may check out <https://tinyurl.com/WRG2022PHI>.
