PAROL MAKING CONTEST 2023 GUIDELINES

A. The criteria are the following:

- Originality (50%): Judges will evaluate the uniqueness and creativity of the design, the concept, shape, and the overall creative approach.
- Use of Recycled Materials (30%): Emphasize the importance of sustainability. Schools should incorporate recycled materials in addition to Nutridense wrappers. This could include old newspapers, cardboard, or any other eco-friendly elements.
- Visual Impact (20%): The parol should catch the eye and convey a strong message about the importance of environmental conservation. Consider color schemes, craftsmanship, and overall aesthetic appeal.

B. The following are the rules:

- Participants must use Nutridense product wrappers as the PRIMARY material for the parol. Additional recycled materials (plastic bottles, plastic cups, plastic spoons/forks) may be used to construct the parol.
- A minimum dimension of 30 inches in diameter, with no maximum limit in size and diameter. It must be capable of being hung or propped up in a pole.
- Lights and other miscellaneous objects used for the Parol can be plugged into any power source. However, please refrain from using substandard materials and practice precautions to prevent any untoward incident such as electrical overload.
- All entries must be submitted on or before December 4, 2023, at the School Health Section office.
- Judging will be on December 8, 2023, by a panel of judges.

C. The prizes are as follows:

- **1st Place:** P 5,000.00
- **2nd Place:** P 3,000.00
- **3rd Place:** P 2,000.00
